

WAR'S CASUALTIES: MEN, SOCIETY, HUMANKIND THE PEACEMAKERS: PEOPLE OF PEACE AGAINST WEAPONS FOR WAR

International round table on the themes of peace and war. The meeting will focus on the effects of conflicts on territories and civil populations. Mutual knowledge of the peoples, diffusion of a culture of peace and prevention of conflicts: which role for politics? We discuss about it with three Peace Nobel Prizes. Scholars, operators and other personalities of international level will take part in the open debate that will follow the round table.
